

SOLAR FIRE INTERPRETATIONS REPORT

Standard Natal Interpretations

(c) 1993-96, Esoteric Technologies Pty Ltd

These interpretations have been written to apply to a geocentric tropical natal chart using a quadrant based house system.

When using these interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of the individual whose chart is being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

The text in this report has been written by Australian astrologer Stephanie Johnson. Stephanie holds a Bachelor of Arts (Journalism) and was a journalist in Australia, England and the USA for 15 years before becoming a professional astrologer. She is currently a consulting astrologer and Company Director of Esoteric Technologies Pty Ltd in Adelaide, Australia. She holds the FAA Practitioners qualification and was a former editor of the Journal of the Federation of Australian Astrologers.
