Introduction

*"Why, man, he doth bstride the narrow world
Like a Colussus; and we petty men
Walk under his huge legs, and peep about
To find ourselves dishonorable graves.
Men at some time are masters of their fates:
The fault, dear Brutus, is not in our stars,
But in ourselves, that we are underlings."
Julius Caesar (1599) act 1, scene 2 Shakespeare*

The subject of Fate or Destiny has triggered many a philosophical argument. What is destiny? Are the details of our lives pre-destined? How much free will do we really have? These are imponderable questions. This report does not offer the answers. Rather it gives us some signposts to help us on our life journey.

When meteorologists forecast the weather we understand that they are not telling us how to live our lives. Rather they are giving us information that may help us make our own decisions. As far as the weather is concerned our major decisions are whether or not to dress warmly or to take an umbrella. The astrological system of Transits is offering us much the same information. It is giving us an indication of the emotional and intellectual weather of our lives. It is up to us to decide our own destiny.

When using this set of interpretations, please bear in mind that, inevitably, every chart will contain some contradictory influences, and as a result certain interpretations of different items in the same chart may seem difficult to reconcile. However, this may still be an accurate reflection of what is happening to the individual whose transits are being interpreted, as people do experience conflicting desires, events and circumstances in their lives. It is the responsibility of the astrologer to synthesise these apparent contradictions in order to present a cohesive and realistic interpretation of the dilemmas of the chart.

Background Planetary Placements

Each entry in this list relates to an astrological placement that affects the natal chart of this individual for a period of time. The entries are sorted by planet, and by the date on which each period starts. Note that some planets are slow moving, and may remain in the same placement for the entire duration of the report, whereas other faster moving planets may move into different houses or signs a number of times during the period of the report.

TRANSITING JUPITER IN THE 9TH HOUSE - Jupiter is the planet known for generosity, expansiveness and joie de vivre. Ancient astrologers considered it to have a positive influence heralding abundance and expansiveness. Therefore you can expect these traits to influence the area of your Birth Chart currently under its influence. Life takes an upward turn when the positive planet Jupiter moves through your 9th House. In some ways you may be on a search for the meaning of life, and your quest for knowledge could lead to the fields of philosophy or religion. On the other hand you may simply notice the more uplifting and positive things in your life, no longer worrying about the more trivial matters. As your attitude becomes more positive, you are eager to experience new things and so it is also possible that doors will open enabling you to study, teach and travel. Your horizons broaden during this period. People from foreign lands, or alternative cultures, may influence you and broaden your mind. You are more lighthearted and accepting of people with different points of view. Films such as "The Life of Brian" may hold particular appeal as your sense of humour comes to the fore. Your beliefs broaden and therefore you are less judgemental of yourself and others. This is a positive and uplifting phase of your life.

As a result you may seek and gain promotion, travel with your work, change jobs, or have the opportunity for further study to enhance your career. It is also possible that you take on a teaching or training role during this time. On the whole you seek more meaning and purpose. As US self-help speaker Earl Nightingale said: "We are at our very best, and we are happiest, when we are fully engaged in work we enjoy on the journey toward the goal we've established for ourselves. It gives meaning to our time off and comfort to our sleep. It makes everything else in life so wonderful, so worthwhile."

TRANSITING SATURN IN THE 7TH HOUSE - "The planet Saturn rules all that is durable, long-lasting, hardened and able to be structured like lead or concrete; industries like building or agriculture and businesses that have long range goals, are traditional and well-established." So says renowned astrologer Brian Clark. Therefore Saturn is likely to force you to slow down and restructure any area that it influences in your Birth Chart. You are required to seriously assess the value of the life areas influenced by this serious planet. When Saturn moves into the 7th House of your Birth Chart your relationship with your partner demands attention. It is possible that your partner's life changes in ways that demand you bear greater responsibilities within the partnership. You may reassess your priorities in both business and personal partnerships. This could result in a greater commitment to your partner, or it could be that you decide to

end a serious relationship or close a business contract. Marriages and divorces can both occur during this time. If you are not already in a serious relationship, then you may meet someone who has a significant influence on your life.

TRANSITING URANUS IN THE 10TH HOUSE - Uranus is a planet that is full of surprises. It takes approximately 84 years to do a full circle around the Zodiac. This means that it moves slowly through each Zodiac Sign and its effects on your Birth Chart takes time to unfold. It is important to note that this erratic planet can affect your life in a variety of ways depending on how you cope with change. If you try to resist change then you may find this planet's effects somewhat of a challenge. If you welcome liberation then you are in for a joyride. The planet Uranus helps you break free from past chains and restrictions and form new and more joyful ways of interacting in your life. Your life may be disrupted but you are then free from thinking inside the box, and new horizons open up. The area of your Birth Chart influenced by this liberating force is likely to be awakened and stimulated. Get ready for a roller coaster ride in your professional life. Change is the key word in your career. This can be a time of excitement as you take on new challenges and innovations or it can be a time of frustration and disruption as the unexpected happens on the job front. Either way you should be ready to go with the flow and enjoy a sense of freedom rather than digging in your heels. If you have been considering changes in your career for some time, now is the time to act. Whether or not you take charge of the changes, by the end of this transit life will have suddenly taken a new direction.

TRANSITING NEPTUNE IN THE 8TH HOUSE - The planet Neptune takes approximately

164 years to circle the Zodiac. This slow-moving planet's transits unfold slowly. It is therefore more significant to look at any exact transits that are occurring in your Birth Chart. Nevertheless it can be helpful to try to understand the effect of Neptune as it enters into and transits through a House in your Birth Chart. Neptune is the planet that urges us to search for meaning in our lives, to look beyond the structures and focus on purpose. For instance are you pursuing a career because of ambition and material rewards or is it your true purpose and fully satisfying? Therefore it is not uncommon for the initial effects of Neptune to be confusion and disillusion, perhaps even a sense of loss. Gradually awareness emerges and you are able to see what is underlying the illusions and what you can gain by changing your course and embracing values that truly enhance your journey in life. Neptune helps you see the truth of any situation and therefore live your own truth. Transiting Neptune is in your 8th House indicating that joint enterprises are likely to be a source of concern during this period. You would be wise to avoid investing your money in any joint schemes, or making long-term commitments. It is also possible that you become more concerned with the metaphysical world, rather than the material one.

TRANSITING PLUTO IN THE 6TH HOUSE - Pluto is the slowest moving planet in the Solar System, taking approximately 248 years to complete a circle around the Zodiac. This slow-moving planet's transits are long-lasting and initially pack a punch if you are not living according to your true natures. The more you are your authentic self, the more that you can embrace the positive side of Pluto. The author of the website Café Astrology puts it best when stating: "Pluto compels us to explore more deeply. Superficiality is not acceptable for Pluto. Pluto transits insist that we get in touch with our core purpose and our deep sense of power. New levels of intimacy, not only with others but also with ourselves, are discovered and uncovered." As Pluto moves the 6th House of your Birth Chart your daily routine is subject to upheaval. It could be you making the changes, or perhaps other people. Anyone who shares your day-to-day life could be affected. It is good time for a shake-up if this is what you want. Perhaps you want to start a new diet or exercise routine. Now is the time.

Transiting Events

Each entry in this list relates to an astrological event that affects the natal chart for this individual. The entries are sorted by the exact date on which each event occurs, and the period of time around this date during which the events are considered to be in effect is shown in parentheses on the same line. Note that due to occasional retrograde motion of some planets, some events may be exact on two or more dates, and in this case all such dates are listed on the same line. Any events which are not exact within the report period, but whose period of effectiveness overlaps with the report period are also included.

However, it may be that you are going overboard in your attempts to get your own way. The trouble is that you want to make great changes in your life, but lack the necessary tolerance and patience to get the timing right. While taking action can certainly have positive effects in the long run, you would also be wise to find the right balance of confidence and patience.

If you are an methodical person then you are likely to take on new challenges during this period, ones that require concentration and organisation. You may be attracted to a course of study or a particular project that makes the most of your excellent skills. On the other hand, if you are usually a

muddled person, then now you are forced to change your ways. No more distractions will be allowed. You need to concentrate on getting your affairs in order. You may even be forced to adopt a more organized approach through unexpected circumstances. For instance if you have been putting off paying your tax, then don't be surprised if the government comes calling. You may find this period somewhat challenging, particularly if you are set in your ways. Your opinions and thoughts on matters are challenged during this phase and you may be forced to change your mind on many matters. TRANSITING URANUS CONJUNCTION RADIX URANUS - This transit usually occurs around the age of 84 years, (although it can occur just after birth when it is of less significance). When it occurs at 84 years it is a time of spiritual renewal. You have just completed one full cycle of the planet Uranus which governs freedom, insight, originality and detachment from emotions. You now have the ability to view your life in a new light. In some cases, if you have suppressed the spiritual side of your nature, you will experience very little. However, if you are alive spiritually then this can be a great time of insight and contentment as you release earthly attachments in favour of spiritual rewards. It is now that you will feel that you have indeed attained wisdom.

TRANSITING CHIRON SQUARE RADIX CHIRON - Your experience during this transit will vary, depending on whether this is your first or second Chiron square. The first Chiron square occurs earlier in life, the second later after the Chiron opposition. If the first Chiron square is very early in your life, this is likely to be a time marked by trauma and unhappiness, possibly linked with a physical illness. If it is the second Chiron square, much later in life, it is potentially a very creative time, as by now you have a better understanding of yourself. With both the squares you are being asked to view painful experiences in your life in order to gain greater self-understanding. A healing process is involved, and as a result you may become a healer or teacher. Certainly you are being asked to put your life in order so that it reflects your inner self.

TRANSITING PLUTO SQUARE RADIX NORTH NODE - Whether you realize it or not, you have reached a turning point in your life. It is time to cast off the old and welcome the new. If you have been in a rut and searching for a way forward, then this phase is a welcome relief. Otherwise you may find it a little surprising. It helps if you can picture yourself moving forward to a more rewarding lifestyle. If you resist change then you could find this a challenging period. New friendships, associations, groups, business associates, projects and perhaps even a new marriage partner (if you are not already married) are likely to arrive during this phase. As a result you may be forced to reassess certain aspects of your life with the view to incorporating the new and saying "good-bye" to the old. In some cases you may literally be throwing out old possessions, renovating your house or moving your business. The key is to learn to discriminate the true motive of people and the truth of situations. As you learn to face the truth then you will clearly see which habits, projects and people to let go while retaining the gems in your life. You will also perceive which new habits, projects and people to incorporate into your life. This can be a very rewarding period, as long as you are able to go with the flow. You feel invigorated by the change of pace in your life, delighted to be more purposeful and energetic.

TRANSITING PLUTO SQUARE RADIX SOUTH NODE - Whether you realize it or not, you have reached a turning point in your life. It is time to cast off the old and welcome the new. If you have been in a rut and searching for a way forward, then this phase is a welcome relief. Otherwise you may find it a little surprising. It helps if you can picture yourself moving forward to a more rewarding lifestyle. If you resist change then you could find this a challenging period. New friendships, associations, groups, business associates, projects and perhaps even a new marriage partner (if you are not already married) are likely to arrive during this phase. As a result you may be forced to reassess certain aspects of your life with the view to incorporating the new and saying "good-bye" to the old. In some cases you may literally be throwing out old possessions, renovating your house or moving your business. The key is to learn to discriminate the true motive of people and the truth of situations. As you learn to face the truth then you will clearly see which habits, projects and people to let go while retaining the gems in your life. You will also perceive which new habits, projects and people to incorporate into your life. This can be a very rewarding period, as long as you are able to go with the flow. TRANSITING SATURN CONJUNCTION RADIX MARS - Delays and frustration mark this stage of life. The extent to which you experience these obstacles depends largely on recent past events. If you have been working steadily towards a certain goal, making sure that you lead a balanced life, then you are likely to use this time to further your goals. You continue to work steadily and patiently to achieve success - whatever that represents for you. You understand that "all good things come to those who wait" and are willing to continue to work through any obstacles slowly and surely. Right now you have great determination and drive to achieve your goals despite the apparent obstacles. However, if you have been leading an unbalanced life, or have not tackled past projects with integrity then you may find this period quite difficult. Other people now clearly tell you the consequences of your actions and you may not like the results. This could involve a lack of cooperation from friends, colleagues and loved one or it could mean that you experience serious setbacks in your personal and/or work projects. You may feel that you are beating your head against a brick wall. You are currently required to expend a lot of energy in an effort to push forward with your ambitions. You must be careful not to overdo it. With wise and considered action you can overcome any obstacles and achieve much.

TRANSITING SATURN SQUARE RADIX SUN - Right now you are entering a challenging

phase of your life, but one that is very rewarding if you can exercise persistence, attention to detail and hard work. You may be given the chance to start a new and challenging project right now. You have the ability to rise to the challenge and successfully complete your task. Your success increases your standing in the community, boosts your self-esteem and opens up new windows of opportunity. In some ways you feel that you are undergoing an endurance test as you strive to work towards your goals. It is easy to forget your strengths under this transit, but patience and endurance pay off in the long run. If you try to avoid the extra responsibility then the opposite is true. You fail in the eyes of other people and therefore your self-esteem suffers and opportunities to advance your own goals diminish. It is time to shoulder your responsibilities and "put your house in order". Right now you can make the most of this period by analyzing your priorities and readjusting your schedules and goals accordingly. It may be that you will be forced to give up some of the less useful activities and plans in your life, but this will simply create the time and space for new, more rewarding, forms of self expression.

In other words you may become deeply reflective.

TRANSITING CHIRON TRINE RADIX ASCENDANT - This is a time of rejuvenation and regeneration, when you have the opportunity to release troubling aspects of your life and walk a new path. This could literally mean healing a physical wound or, more metaphorically, mending broken bridges. You now have the chance to forgive and forget, and to focus on your own talents and gifts. Your dreams may play an important role in helping you understanding the changes that are taking place right now. You may also benefit from talking to a sympathetic and understanding friend. Your own listening skills are improving and friends enjoy confiding in you right now. They appreciate the wisdom that you are gaining through your life experiences and self-understanding. You may take up a teaching or counselling role during this phase, however; you are more likely to use this time to gain greater understanding of human nature and your own talents.

It may be that you or your partner are feeling disillusioned with the relationship, or perhaps one of you is not being totally honest. You may feel the urge to escape the demands placed on you by your partner at this time. However, it is best that you face the problems that have arisen and attempt to deal with your partner with as much honesty as possible. Remember also that you are vulnerable at this time. However, you also find there are times when your energy levels are a little out of kilter. Perhaps you lack the energy to tack up all opportunities that come your way or perhaps you feel that others are not as appreciative as they could be of your need for fun and enjoyment. This is a time during which you need to monitor your energy levels and make decisions that are best for your health and happiness. This mean that you need to slow down a little and let yourself or others adjust to a pace that is realistic and assists personal growth.

This is a time when you are willing to try new things. In fact you may feel that you have no choice. Something is compelling you to take risks that you never thought you would. And woe betide anyone who stands in the way of your new-found push for freedom. You want to be left to your own devices, even though they may seem odd to those have known and loved you.
